"From DEMARC to Desktop"

@ WET
Follow The Cloud
@ Wits End Technology

- @ *Wits End Technology* (***WET***) serves as an off-site, full service information technology (IT) solution provider for small and medium sized businesses

What is the Cloud?

- Simply put, the cloud refers to software and services that run on the internet instead of your local computer.

- Most of these services can be accessed through web browsers like Firefox and Internet Explorer and some companies offer mobile apps.

- Examples of cloud services include Google Drive, Apple iCloud, Dropbox and Microsoft OneDrive just to name a few.

- Advantage of cloud service is accessibility on any device with an internet connection.

- Disadvantage of cloud service is internet service interruptions or outages on the server side as well as just plain ole poor internet connection equals no access.
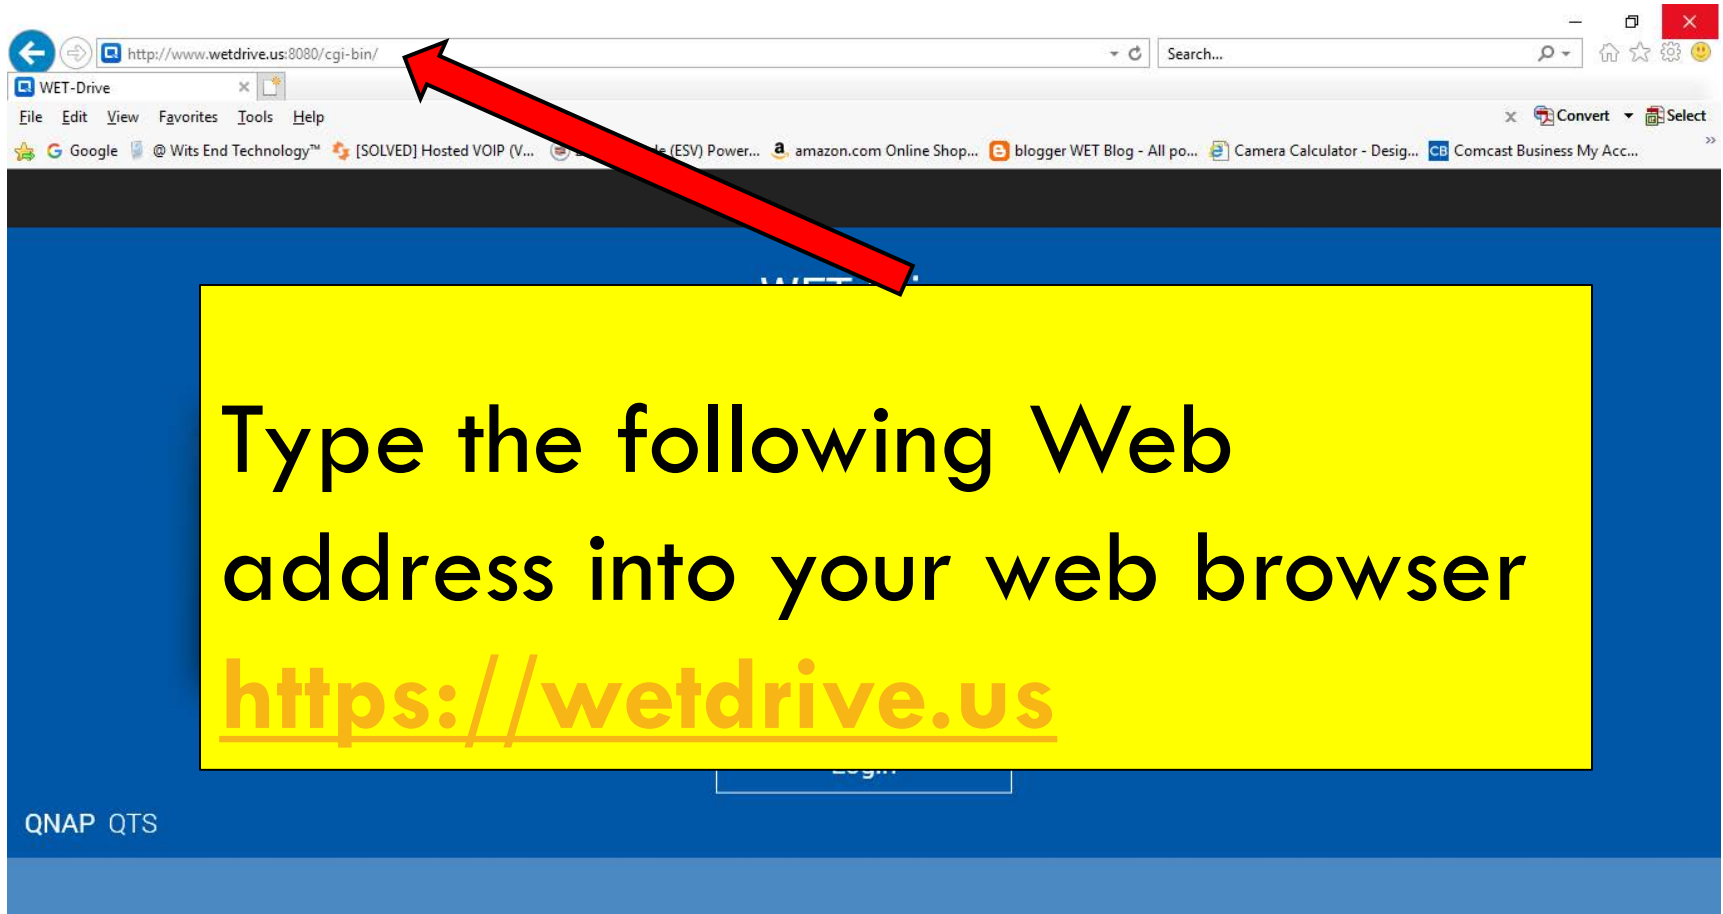

Accessing the Cloud Web Portal

- The following steps will guide you through logging into your Cloud services via your personal computer or MAC…..

Welcome to the Cloud Portal

Type the following Web address into your web browser
https://wetdrive.us

Welcome to the Cloud Portal
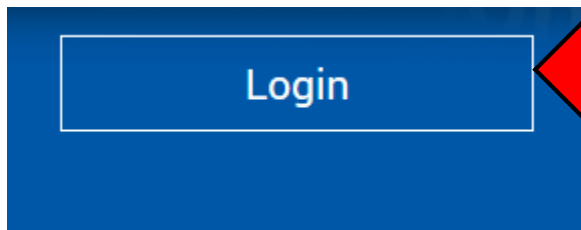

WET-Drive

👤 Username

🔒 Password

☐ Remember me

☐ Secure login

Follow The Cloud

Login

- Click Login to enter your username and password
